

Hela Spice Canada Inc.

Accredited & Certified by AIB/GFTC
HACCP•GMP•FOOD SECURITY•ALLERGEN CONTROL

Our main activity is the design and formulation of custom blends, spice mixtures and seasoning blends for the meat, poultry, bakery and other sectors of the food industry. Technical assistance is provided by highly trained and professional food industry experts. We have an on-site, up-to-date meat pilot plant, a food chemistry laboratory, a microbiology laboratory and blending facilities to compliment the nature of our service in the industry. We assist all customers through courses offered in meat technology, food ingredients, food chemistry and microbiology of spices.

We have expanded our services to include specialized ingredients such as soy protein, carrageenan, lactate, sodium erythorbate, ascorbic acid and sodium ascorbate. We also provide assistance and technical support in all aspects for all the ingredients we sell.

Hela Spice Canada Inc. has a well-established quality assurance team with professionally equipped chemical and microbiological laboratories. Testing and control cover the entire process, starting with the close cooperation with our suppliers, testing raw materials, monitoring all internal processes and complete evaluation of manufactured products. The Quality Assurance plays a key role in ensuring complete satisfaction of our customers by maintaining the highest level of food safety and quality.
